

CONTENTS OF No. 387, JUNE 1993

page

Geochemistry and Petrology

- B. SCHULZ: Mineral chemistry, geothermobarometry and pre-Alpine high-pressure metamorphism of eclogitic amphibolites and mica schists from the Schobergruppe, Austroalpine basement, Eastern Alps 189
- S. CONTINI, G. VENTURELLI, L. TOSCANI, S. CAPEDEI and M. BARBIERI: Cr–Zr–armalcolite-bearing lamproites of Cancarix, SE Spain 203

Mineralogy

- H. M. RENDELL, M.–R. KHANLARY, P. D. TOWNSEND, T. CALDERON and B. J. LUFF: Thermoluminescence spectra of minerals 217
- A. YACOOT and M. MOORE: X-ray topography of natural tetrahedral diamonds 223
- I. K. BONEV: Non-equilibrium highly anisometric crystals and whiskers of galena 231
- I. S. OEN and C. KIEFT: A metacolloidal dendrite-rich Bi–Ni–Co quartz vein, Pozoblanco, Spain 241
- S. QUARTIERI, G. ANTONIOLI, P. P. LOTTICI and G. ARTIOLI: X-ray absorption study at the Fe K-edge of garnets from the Ivrea–Verbano zone 249
- H. V. FALES, B. TEIGLER and W. D. MAIER: Cryptic variations of minor elements Al, Cr, Ti and Mn in Lower and Critical Zone orthopyroxenes of the Western Bushveld Complex 257
- R. H. GRAPES: Barian mica and distribution of barium in metacherts and quartzofeldspathic schists, Southern Alps, New Zealand 265
- C. R. L. FRIEND, A. S. JANARDHAN and N. SHADAKSHARA SWAMY: A retrogressive sapphirine–cordierite–talc paragenesis in a spinel–orthopyroxenite from southern Karnataka, India 273
- K. LINTHOUT and W. J. LUSTENHOUWER: Ferrian high sanidine in a lamproite from Cancarix, Spain 289
- F. CESBRON, P. ILDEFONSE and M.–C. SICHIERE: New mineralogical data on uranophane and β -uranophane; synthesis of uranophane 301
- A. PRING and W. D. BIRCH: Gatchouseite, a new manganese hydroxy phosphate from Iron Monarch, South Australia 309

Crystal Structure

- M. SACERDOTI, G. C. PARODI, A. MOTTANA, A. MARAS and G. DELLA VENTURA: Asbestosite: crystal structure refinement and crystal chemistry 315
- S. MERLINO, M. PASERO and N. PERCHIAZZI: Crystal structure of paralaunite and its OD relationships with launite 323
- M. A. HOYOS, T. CALDERON, I. VERGARA and J. GARCIA-SOLÉ: New structural and spectroscopic data for eosphorite 329

Crystal Growth

- R. DEARNLEY: A corresponding states equation and compensation effects in crystal growth rates 337

Short Communications

- N. HUBBARD and H. ENAMY: Edingtonite from Squilver quarry, Shropshire, England 349
- N. J. ELTON and J. J. HOOPER: Sodium-zippeite from Geevor mine, St. Just, Cornwall 352
- N. AUDIBERT, P. BETRAND, B. J. HENSEN, J.–R. KIENAST and KH. OUZEGANE: Cordierite–K-feldspar–quartz–orthopyroxene symplectite from southern Algeria: new evidence for osunite in high-grade metamorphic rocks 354
